Re: Exciting New Build Plans

Dear Parents

As you are aware, the school has been due a complete rebuild for some time. We are really pleased to report that the rebuild has been approved and the Local Authority are working with Enfield Learning Trust to start the process in January 2019. The process will start with a demolition of our current school building. In order to comply with Health and Safety regulations and follow advice from the Local Authority, it is a requirement that we relocate temporarily until the new school is built, safe and ready to move in to.

At the moment, we are in negotiations with the Local Authority as to where we will relocate to and we will ensure that we update all parents once a decision has been made. It is always our aim to provide the best provision for all our pupils at Fern House School and we will work hard with the Local Authority to achieve this.

This is an exciting time for the school, but we fully understand that temporarily relocating will create some difficulties which will need to be carefully planned for. We appreciate that some of our KS4 pupils will not be in a position to enjoy the new school building as they will have left Fern House School by the time the new build is complete, but we ask that they support us during this process for the benefit of current and future pupils.

Thank you for your continued support and please don't hesitate to contact me if you have any questions at this time.

Yours sincerely

Laura Astarita

Headteacher
