

Adding Powers of 10, 100, 1000 and 10 000

10

100

1000

10 000

LO: to add powers of 10, 100, 1000 and 10 000

Add 10 to the following number:

$$46 + 10 = 56$$

LO: to add powers of 10, 100, 1000 and 10 000

Add 10 to the following number:

$$91 + 10 = 101$$

LO: to add powers of 10, 100, 1000 and 10 000

Add 100 to the following number:

$$246 + 100 = 346$$

LO: to add powers of 10, 100, 1000 and 10 000

Add 100 to the following number:

$$1924 + 100 = 2024$$

LO: to add powers of 10, 100, 1000 and 10 000

Add 1000 to the following number:

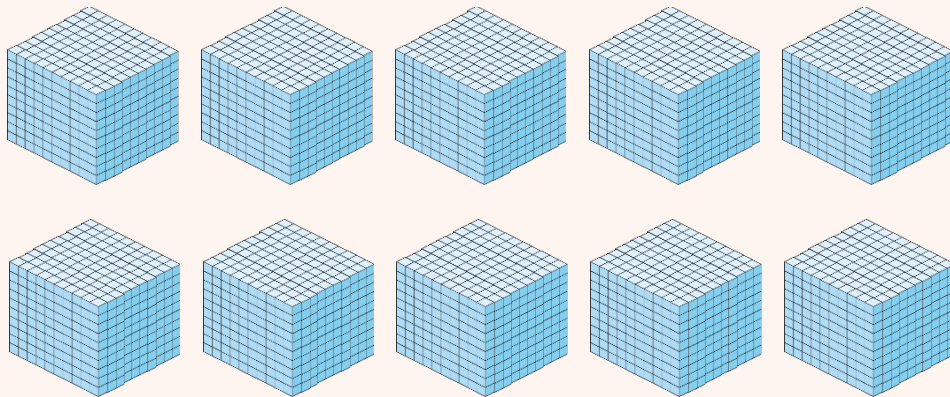

$$4670 + 1000 = 5670$$

LO: to add powers of 10, 100, 1000 and 10 000

Add 1000 to the following number:

$$9213 + 1000 = 10\,213$$

LO: to add powers of 10, 100, 1000 and 10 000

$$3451 + 10 =$$

3461

LO: to add powers of 10, 100, 1000 and 10 000

$$6792 + 10 =$$

6802

LO: to add powers of 10, 100, 1000 and 10 000

$$5782 + 100 =$$

5882

LO: to add powers of 10, 100, 1000 and 10 000

$$9913 + 100 =$$

$$10\ 013$$

LO: to add powers of 10, 100, 1000 and 10 000

$$6931 + 1000 =$$

7931

LO: to add powers of 10, 100, 1000 and 10 000

$$19\ 237 + 1000 =$$

$$20\ 237$$

LO: to add powers of 10, 100, 1000 and 10 000

$$56\ 782 + 10\ 000 =$$

66 782

LO: to add powers of 10, 100, 1000 and 10 000

$$392\ 450 + 10\ 000 =$$

402 450
